

## Declaration of contamination

Our measuring devices are used in various industries. Our customers use various applications and chemicals that are not always known to us. For this reason, the handling of unknown substances and chemicals can endanger our employees. This declaration is intended to protect our employees and to comply with legal requirements when handling substances hazardous to health and environment.

### **ATTENTION:**

We ask you to complete this contaminant declaration correctly and completely by authorized specialist personnel. This declaration must be enclosed with each individual measuring device, component or accessory that is sent to SITA Messtechnik GmbH. The declaration can also be sent in advance to [info@sita-messtechnik.de](mailto:info@sita-messtechnik.de). In the case of a missing or incomplete declaration of contamination, it is not possible to process your order or there will be delays in the work.
